### SONG LYRICS

#### [VERSE 1]

Standing in the dark.  
Watching people dance,  
With no romance in their hearts,  
Just fumbling in the dark.

#### [BRIDGE 1]

And then I see her.  
And then I see her.

#### [CHORUS 1]

Now I'm dancing with a beauty,  
Whose body has the power to move me,  
Take me higher.  
Take me higher.  
And her motion hypnotizes me.  
And her eyes capsize me,  
Into a daydream.  
Into a daydream.  
And as we rock back and forth together,  
I know that come whatever, she'll be with me.  
In my daydream.  
And as we rock back and forth together,  
I know that come whatever, she'll stay with me.  
In my daydream.

#### [VERSE 2]

Walking across the room.  
Thinking I've got nothing to loose.  
For nothing gained is lost.  
And nothing lost is gained.

#### [BRIDGE 2]

And so I ask her.  
I ask her.

#### [CHORUS 2]

Now I'm dancing with a lady,  
Whose body has the power to save me.  
And take me higher.  
Take me higher.  
As her motion hypnotizes me,  
Her eyes, capsize me,  
Into a daydream.

Into a daydream.  
And as we roll back and forth together,  
I know that come whatever,  
She'll be with me.  
In my daydream.

[CHORUS 3]

Now I'm dancing with a beauty,  
Whose body has the power to soothe me.  
Take me higher.  
Take me higher.  
As her motion hypnotizes me,  
Her eyes capsize me into a daydream.  
Into a daydream.  
And as we move back and forth together,  
I know that come whatever,  
She'll be with me,  
In my daydream.

[CHORUS 4]

And as we sway back and forth together,  
I know that come whatever,  
You'll be with me,  
In my daydream.

The End
